Do's & Don'ts

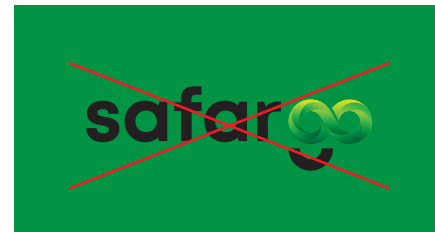

Colour

Scale

Background

Clear Space

A clear space is defined to maintain the logo's integrity. If the minimum clear space is not applied, the logo's impact will be compromised.

Do not allow any graphic elements, such as copy, photography or background patterns, to clutter up the clear space.

Clear Space

The clear space is determined by the height of the **Infinity**. Do not let other graphics or text violate this space.

The image shows a close-up, low-angle shot of a building's exterior. The building features a dark, textured facade with horizontal bands of light-colored, rough-hewn stone. The word "safarigo" is mounted on the dark section of the wall in large, white, three-dimensional, lowercase letters. The letters have a slight shadow, giving them a 3D appearance. The building is set against a bright, overcast sky. In the background, another building with a curved, ribbed facade is visible, slightly out of focus.
